

MOTOROLA

MOTO Q™ 8

Beauty, power and intelligence collide with the Motorola MOTO Q™8 – an elegant all-in-one device that merges business with pleasure. Boasting a full QWERTY keyboard, the feature-rich MOTO Q™8 keeps your life with you in one sleek device by combining powerful business productivity applications via Windows Mobile with multimedia entertainment. From stereo Bluetooth® wireless technology¹, astounding audio sound and a 1.3 megapixel camera to blazing fast Internet connections², convenient WiFi through optional miniSDIO card connectivity² and the ability to view and edit Microsoft Office documents from anywhere in the world ^{2,3} -- there's no need to compromise when you can have it all in one device.

Always Connected

With MOTO Q™8, you're connected regardless of where travels take you. Send and receive text messages, emails and attachments worldwide using quad band GPRS and high speed EDGE data networks, or at WiFi hotspots through miniSDIO.^{2,3}

All Work AND Play

MOTO Q™8 makes not only viewing but creating and editing Microsoft Office documents a snap. The optimized QWERTY keypad design allows for easy and fast email or text messaging.² Take advantage of downtime with Windows Media Player to listen to your favorite music, watch videos or view your favorite photos on its large color screen. MOTO Q™8 includes a 1.3 megapixel camera for shots on-the-go, and up to 1GB of storage with optional miniSD card so you can take your photos and music along with you.

Get Noticed

MOTO Q™8 turns heads both in the boardroom and on the beach, with its ultra-thin profile and sleek, black exterior. It's designed with beauty and intelligence in mind, offering a simple, seamless layout in a device that fits naturally in your hand. A soft-touch material provides an easy, comfortable grip. MOTO Q™8's precise and clean construction lends to the phone's visual elegance and solid feel.

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.

¹ This device supports Bluetooth A2DP-Source, AVCTP, AVDTP, AVRCP-Target, BIP-ImagePush, BPP-SenderDev, DUN-GW, FT-Server, GAP, GAVDP, Headset-AG, HFP (1.5) AG, OPP-Client, OPP-Server profiles. In order for Bluetooth devices to communicate with one another, they must utilize the same Bluetooth profile. To determine the profiles supported by other Motorola devices, visit www.hellomoto.com/bluetooth. For other devices, contact their respective manufacturer.

² Certain Bluetooth features including those listed may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.

³ Network dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Wireless email functionality requires an email account with wireless server capabilities.

⁴ Operates in many major cities and countries where GSM network coverage and roaming agreements are present.

⁵ Available user memory varies due to the configuration of the phone, which varies by service provider.
