

## MOTO Q™ 8

For the active professional who's tech savvy, email addicted, entertainment loving, MOTO Q™ 8 is a powerful, mobile solution to keep you and your content up-to-date. The MOTO Q™ 8 will keep you in-the-know for those last minute social plans with advanced communication capabilities, keep you connected to the people and things that matter to you, keep you entertained with your favorite multimedia experiences, and keep you balanced on the go. MOTO Q™ 8's thin, sleek, breathtaking design will differentiate you from the rest of your productive colleagues. Stay up-to-date in real time with Windows Mobile over-the-air "push" synchronization and maximize your messaging<sup>1</sup> with a full optimized QWERTY keyboard. When on the run and in need of web access, MOTO Q™ 8 is WiFi enabled through miniSDIO, so you'll have access to important content.<sup>1</sup> When you get a free moment, no need to switch electronic devices – MOTO Q™ 8 allows for play. With a rich multimedia experience, MOTO Q™ 8 offers Windows Media Player for audio, video and picture viewer, 2.5mm stereo headset jack support and an external miniSD memory slot for preferred multimedia storage. Personalize your MOTO Q™ 8 with home screen and sound customization. Plus, when you want to get away from work and read emails from friends or family, the MOTO Q™ 8 enables you to stay connected with your personal email accounts.<sup>1</sup> Perfect for those that want to work hard and play hard.. MOTO Q™ 8 is your life in a sleek device!

*Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or their network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality and other product specifications are based upon the latest available information and are believed to be accurate; however such product specifications are subject to change without notice or obligation.*

<sup>1</sup> Network dependent feature, not available in all areas. Airtime, data charges, and/or additional charges may apply. Wireless email functionality requires an email account with wireless server capabilities.  
<sup>2</sup> All talk and standby times are quoted in Digital Mode, and are approximate. Battery performance depends on network configuration, signal strength, operating temperature, features selected, and voice, data and other application usage patterns.  
<sup>3</sup> Operates in many major cities and countries where GSM network coverage and roaming agreements are present.  
<sup>4</sup> Available user memory varies due to the configuration of the phone, which varies by service provider.  
<sup>5</sup> This device supports Bluetooth A2DP-Source, AVCTP, AVDTP, AVRCP-Target, BIP-ImagePush, BPP-SenderDev, DUN-GW, FT-Server, GAP, GAVDP, Headset-AG, HFP (1.5) AG, OPP-Client, OPP-Server profiles. In order for Bluetooth devices to communicate with one another, they must utilize the same Bluetooth profile. To determine the profiles supported by other Motorola devices, visit [www.hellomoto.com/bluetooth](http://www.hellomoto.com/bluetooth). For other devices, contact their respective manufacturer.

*Certain Bluetooth features including those listed may not be supported by all compatible Bluetooth-enabled devices, and/or the functionality of such features may be limited in certain devices, or by certain wireless carriers. Contact your wireless carrier about feature availability and functionality.*
